silver chain

**\$ 19**

Expression Ring only  
wear on any chain, or cord

The SHBF promotes drivers safety and education. Through donations and fundraising efforts we offer affordable safety equipment for all classes of racing.

This bead represents a part of Shane. He had the word Believe tattooed on his back along with angel wings after surviving life threatening brain & spine tumor surgery at age 15. His life was never the same but he always smiled through the pain and believed he had a greater purpose in life.

Your donation of \$37.00 for this bead will go toward this cause of driver safety and education. Please wear it knowing the power that this one word can have. You can email or call to order.

***Believe,***
